| DETAILED DESCRIPTION             | dsPIC dsPIC™ 33F Microcontroller IC 16-Bit 40 MIPs 128KB (128K x 8) FLASH 64-QFN (9x9)                                                                                                                                                   |
| DATA CONVERTERS                  | A/D 16x10b/12b                                                                                                                                                                                                                           |
| CORE SIZE                        | 16-Bit                                                                                                                                                                                                                                   |
| CORE PROCESSOR                   | dsPIC                                                                                                                                                                                                                                    |
| CONNECTIVITY                     | CANbus, I²C, IrDA, LINbus, SPI, UART/USART                                                                                                                                                                                               |
| BASE PART NUMBER                 | DSPIC33FJ128MC506A                                                                                                                                                                                                                       |
