| DATA SHEET                       |  LTC4223IDHD-1#PBF.pdf |
| VOLTAGE - SUPPLY                 | 2.7 V ~ 14 V                                                                                              |
| TYPE                             | Hot Swap Controller                                                                                       |
| SUPPLIER DEVICE PACKAGE          | 16-DFN (5x4)                                                                                              |
| SERIES                           | -                                                                                                         |
| PROGRAMMABLE FEATURES            | Current Limit, Fault Timeout                                                                              |
| PACKAGING                        | Tube                                                                                                      |
| PACKAGE / CASE                   | 16-WFDFN Exposed Pad                                                                                      |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                              |
| NUMBER OF CHANNELS               | 2                                                                                                         |
| MOUNTING TYPE                    | Surface Mount                                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                |
| INTERNAL SWITCH(S)               | Both                                                                                                      |
| FEATURES                         | Latched Fault, Thermal Limit, UVLO                                                                        |
| FEATURE PINS                     | 12IMON, 12ON, /12PGOOD, AUXON, /AUXPGOOD, /EN, /FAULT, TIMER                                              |
| DETAILED DESCRIPTION             | Hot Swap Controller 2 Channel ATCA, MicroTCA™ 16-DFN (5x4)                                                |
| CURRENT - SUPPLY                 | 800μA                                                                                                     |
| CURRENT - OUTPUT (MAX)           | -                                                                                                         |
| BASE PART NUMBER                 | LTC4223                                                                                                   |
| APPLICATIONS                     | ATCA, MicroTCA™                                                                                           |
