| FEATURES                         | Amplified Output, Temperature Compensated                                                                                                                                                                                               |
| DETAILED DESCRIPTION             | Pressure Sensor 8.7 PSI (60 kPa) Vented Gauge Male - 0.19" (4.93mm) Tube 0.5 V ~ 4.5 V 8-DIP (0.524", 13.30mm), Top Port                                                                                                                |
| ACCURACY                         | ±0.25%                                                                                                                                                                                                                                  |
