

Kavlico Pressure Sensors /

Sensata Technologies

P1K-5-2X16PA

Part Number:

P1K-5-2X16PA

Manufacturer/Brand:

Kavlico Pressure Sensors / Sensata Technologies

Product description

SENSOR PRES 0-5" H2O 0-4V PCB MN

Datasheets:

 [P1K-5-2X16PA.pdf](#)

RoHs Status

 Lead free / RoHS Compliant

Stock Condition

2475 pcs stock

Ship From

Hong Kong

Shipment Way

DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of P1K-5-2X16PA

|                                  |                                                                                                                      |

| DATA SHEET                       |  <a href="#">P1K-5-2X16PA.pdf</a> |
| VOLTAGE - SUPPLY                 | 4.75 V ~ 5.25 V                                                                                                      |
| TERMINATION STYLE                | PC Pin                                                                                                               |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                                    |
| SERIES                           | -                                                                                                                    |
| PRESSURE TYPE                    | -                                                                                                                    |
| PORT STYLE                       | Barbed                                                                                                               |
| PORT SIZE                        | -                                                                                                                    |
| PACKAGE / CASE                   | 8-DIP Module                                                                                                         |
| OUTPUT TYPE                      | Analog Voltage                                                                                                       |
| OUTPUT                           | 0.25 V ~ 4 V                                                                                                         |
| OTHER NAMES                      | 1861-1023                                                                                                            |
| OPERATING TEMPERATURE            | -20°C ~ 85°C                                                                                                         |
| OPERATING PRESSURE               | 0.18 PSI (1.25 kPa)                                                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                        |
| MAXIMUM PRESSURE                 | -                                                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                           |
| FEATURES                         | Temperature Compensated                                                                                              |
| DETAILED DESCRIPTION             | Pressure Sensor 0.18 PSI (1.25 kPa) 0.25 V ~ 4 V 8-DIP Module                                                        |
| ACCURACY                         | ±0.25%                                                                                                               |
