Specifications of M93C86-RDW3TP/K

|                                  |                                                                                                         |
|----------------------------------|---------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | M93C86-RDW3TP/K                                                                                         |
| MANUFACTURER                     | STMicroelectronics                                                                                      |
| DESCRIPTION                      | IC EEPROM 16K SPI 2MHZ 8TSSOP                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| QUANTITY AVAILABLE               | 223517 pcs                                                                                              |
| DATA SHEET                       |  M93C86-RDW3TP/K.pdf |
| WRITE CYCLE TIME - WORD, PAGE    | 5ms                                                                                                     |
| VOLTAGE - SUPPLY                 | 1.8 V ~ 5.5 V                                                                                           |
| TECHNOLOGY                       | EEPROM                                                                                                  |
| SUPPLIER DEVICE PACKAGE          | 8-TSSOP                                                                                                 |
| SERIES                           | Automotive, AEC-Q100                                                                                    |
| PACKAGING                        | Original-Reel®                                                                                          |
| PACKAGE / CASE                   | 8-TSSOP (0.173", 4.40mm Width)                                                                          |
| OTHER NAMES                      | 497-14438-6                                                                                             |
| OPERATING TEMPERATURE            | -40°C ~ 125°C (TA)                                                                                      |
| MOUNTING TYPE                    | Surface Mount                                                                                           |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                           |
| MEMORY TYPE                      | Non-Volatile                                                                                            |
| MEMORY SIZE                      | 16Kb (2K x 8, 1K x 16)                                                                                  |
| MEMORY INTERFACE                 | SPI                                                                                                     |
| MEMORY FORMAT                    | EEPROM                                                                                                  |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| DETAILED DESCRIPTION             | EEPROM Memory IC 16Kb (2K x 8, 1K x 16) SPI 2MHz 8-TSSOP                                                |
| CLOCK FREQUENCY                  | 2MHz                                                                                                    |
| BASE PART NUMBER                 | M93C86                                                                                                  |
