| DIMMING                          | PWM                                                                                                                                                                                                                                             |
| DETAILED DESCRIPTION             | LED Driver IC 4 Output DC DC Controller SEPIC, Step-Down (Buck), Step-Up (Boost) PWM Dimming 150mA 20-TSSOP                                                                                                                                     |
| CURRENT - OUTPUT / CHANNEL       | 150mA                                                                                                                                                                                                                                           |
| APPLICATIONS                     | Backlight, Lighting                                                                                                                                                                                                                             |
