| QUANTITY AVAILABLE               | 3184 pcs                                                                               |
| DATA SHEET                       |                                                                                        |
| VOLTAGE - SUPPLY                 | 1.7 V ~ 3.6 V                                                                          |
| TOPOLOGY                         | ADC (Sigma Delta), Register Bank                                                       |
| SUPPLIER DEVICE PACKAGE          | 8-TSSOP                                                                                |
| SERIES                           | -                                                                                      |
| SENSOR TYPE                      | Internal                                                                               |
| SENSING TEMPERATURE              | -40°C ~ 125°C                                                                          |
| PACKAGING                        | Tape & Reel (TR)                                                                       |
| PACKAGE / CASE                   | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                                                 |
| OUTPUT TYPE                      | I²C/SMBus                                                                              |
| OUTPUT FAN                       | Yes                                                                                    |
| OUTPUT ALARM                     | Yes                                                                                    |
| OTHER NAMES                      | 568-3346-2<br>935281693118<br>SE98PW-T                                                 |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                          |
| MOUNTING TYPE                    | Surface Mount                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                             |
| FUNCTION                         | Temp Monitoring System (Sensor)                                                        |
| DETAILED DESCRIPTION             | Temp Monitoring System (Sensor) -40°C ~ 125°C Internal Sensor I²C/SMBus Output 8-TSSOP |
| BASE PART NUMBER                 | SE98                                                                                   |
| ACCURACY                         | ±4°C(Max)                                                                              |
