| DESCRIPTION                      | RF-HDT-SJLC-G0                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                              |
| QUANTITY AVAILABLE               | 3503 pcs                                                |
| DATA SHEET                       |                                                         |
| VOLTAGE - SUPPLY                 | -                                                       |
| TYPE                             | RFID Transponder                                        |
| SUPPLIER DEVICE PACKAGE          | Wafer                                                   |
| STANDARDS                        | ISO 15693, ISO 18000-3                                  |
| SERIES                           | Tag-It                                                  |
| PACKAGING                        | Bulk                                                    |
| PACKAGE / CASE                   | Die                                                     |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                            |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                              |
| INTERFACE                        | -                                                       |
| FREQUENCY                        | 13.56MHz                                                |
| DETAILED DESCRIPTION             | RFID Transponder IC 13.56MHz ISO 15693, ISO 18000-3 Die |
