

Allegro MicroSystems, LLC.

Part Number: A1699LUBTN-RSWPH-T

Manufacturer/Brand: Allegro MicroSystems, LLC.

Product description: MAGNETIC SWITCH SPEC PURP 2SIP

Datasheets:  A1699LUBTN-RSWPH-T.pdf

RoHs Status:  Lead free / RoHS Compliant

Stock Condition: 73451 pcs stock

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of A1699LUBTN-RSWPH-T

|                                  |                                                                                                            |

| QUANTITY AVAILABLE               | 73451 pcs                                                                                                  |
| DATA SHEET                       |  A1699LUBTN-RSWPH-T.pdf |
| VOLTAGE - SUPPLY                 | 4 V ~ 24 V                                                                                                 |
| TEST CONDITION                   | -40°C ~ 150°C                                                                                              |
| TECHNOLOGY                       | Hall Effect                                                                                                |
| SUPPLIER DEVICE PACKAGE          | 2-SIP                                                                                                      |
| SERIES                           | Automotive, AEC-Q100                                                                                       |
| SENSING RANGE                    | 69% Trip, 31% Release                                                                                      |
| POLARIZATION                     | South Pole                                                                                                 |
| PACKAGING                        | Tape & Reel (TR)                                                                                           |
| PACKAGE / CASE                   | 2-SIP Module                                                                                               |
| OUTPUT TYPE                      | PWM                                                                                                        |
| OTHER NAMES                      | 620-1791-2                                                                                                 |
| OPERATING TEMPERATURE            | -40°C ~ 150°C (TA)                                                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                 |
| FUNCTION                         | Special Purpose                                                                                            |
| FEATURES                         | -                                                                                                          |
| DETAILED DESCRIPTION             | Digital Switch Special Purpose PWM Hall Effect 2-SIP                                                       |
| CURRENT - SUPPLY (MAX)           | 16mA                                                                                                       |
| CURRENT - OUTPUT (MAX)           | -                                                                                                          |
