Specifications of BD62011FS-E2

|                                  |                                                                                                                      |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | BD62011FS-E2                                                                                                         |
| MANUFACTURER                     | LAPIS Semiconductor                                                                                                  |
| DESCRIPTION                      | IC FAN MOTOR CTRLR 3PH 24SSOP                                                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                           |
| QUANTITY AVAILABLE               | 43359 pcs                                                                                                            |
| DATA SHEET                       |  <a href="#">BD62011FS-E2.pdf</a> |
| VOLTAGE - SUPPLY                 | 10 V ~ 18 V                                                                                                          |
| VOLTAGE - LOAD                   | -                                                                                                                    |
| TECHNOLOGY                       | -                                                                                                                    |
| SUPPLIER DEVICE PACKAGE          | 24-SSOPA                                                                                                             |
| STEP RESOLUTION                  | -                                                                                                                    |
| SERIES                           | -                                                                                                                    |
| PACKAGING                        | Cut Tape (CT)                                                                                                        |
| PACKAGE / CASE                   | 24-SOP (0.213", 5.40mm Width)                                                                                        |
| OUTPUT CONFIGURATION             | Pre-Driver - Half Bridge (3)                                                                                         |
| OTHER NAMES                      | BD62011FS-E2CT                                                                                                       |
| OPERATING TEMPERATURE            | -40°C ~ 110°C (TA)                                                                                                   |
| MOUNTING TYPE                    | Surface Mount                                                                                                        |
| MOTOR TYPE - STEPPER             | -                                                                                                                    |
| MOTOR TYPE - AC, DC              | Brushless DC (BLDC)                                                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                           |
| INTERFACE                        | Parallel                                                                                                             |
| FUNCTION                         | Controller - Commutation, Direction Management                                                                       |
| DETAILED DESCRIPTION             | Motor Driver Parallel 24-SSOPA                                                                                       |
| CURRENT - OUTPUT                 | -                                                                                                                    |
| APPLICATIONS                     | Fan Controller                                                                                                       |
