| DESCRIPTION                    | RELAY GEN PURPOSE DPDT 10A 110V                              |
| LEAD FREE STATUS / ROHS STATUS | Lead free / RoHS Compliant                                   |
| QUANTITY AVAILABLE             | 10619 pcs                                                    |
| DATA SHEET                     |                                                              |
| TURN ON VOLTAGE (MAX)          | 88 VDC                                                       |
| TURN OFF VOLTAGE (MIN)         | 11 VDC                                                       |
| TERMINATION STYLE              | Plug In                                                      |
| SWITCHING VOLTAGE              | 250VAC, 125VDC - Max                                         |
| SERIES                         | HJ                                                           |
| RELEASE TIME                   | 20ms                                                         |
| RELAY TYPE                     | General Purpose                                              |
| PACKAGING                      | Bulk                                                         |
| OPERATING TEMPERATURE          | -40°C ~ 70°C                                                 |
| OPERATE TIME                   | 20ms                                                         |
| MOUNTING TYPE                  | Socketable                                                   |
| LEAD FREE STATUS / ROHS STATUS | Lead free / RoHS Compliant                                   |
| FEATURES                       | LED Indicator, Test Button                                   |
| DETAILED DESCRIPTION           | General Purpose Relay DPDT (2 Form C) 110VDC Coil Socketable |
| CONTACT RATING (CURRENT)       | 10A                                                          |
| CONTACT MATERIAL               | Silver (Ag)                                                  |
| CONTACT FORM                   | DPDT (2 Form C)                                              |
| COIL VOLTAGE                   | 110VDC                                                       |
| COIL TYPE                      | Non Latching                                                 |
| COIL RESISTANCE                | 11 kOhms                                                     |
| COIL POWER                     | 1.1 W                                                        |
| COIL CURRENT                   | 9.1mA                                                        |
