| DETAILED DESCRIPTION             | RL78 RL78/G13 Microcontroller IC 16-Bit 32MHz 128KB (128K x 8) FLASH 100-LQFP (14x14)                                                                                                                                                  |
| DATA CONVERTERS                  | A/D 20x8/10b                                                                                                                                                                                                                           |
| CORE SIZE                        | 16-Bit                                                                                                                                                                                                                                 |
| CORE PROCESSOR                   | RL78                                                                                                                                                                                                                                   |
| CONNECTIVITY                     | CSI, I²C, LINbus, UART/USART                                                                                                                                                                                                           |
| BASE PART NUMBER                 | R5F100                                                                                                                                                                                                                                 |
