| DATA SHEET                       |  LTC4252A-1CMS#PBF.pdf |
| VOLTAGE - SUPPLY                 | -48V                                                                                                      |
| TYPE                             | Hot Swap Controller                                                                                       |
| SUPPLIER DEVICE PACKAGE          | 10-MSOP                                                                                                   |
| SERIES                           | -                                                                                                         |
| PROGRAMMABLE FEATURES            | Current Limit, Fault Timeout, OVP, UVLO                                                                   |
| PACKAGING                        | Tube                                                                                                      |
| PACKAGE / CASE                   | 10-TFSOP, 10-MSOP (0.118", 3.00mm Width)                                                                  |
| OTHER NAMES                      | LTC4252A1CMSPBF                                                                                           |
| OPERATING TEMPERATURE            | 0°C ~ 70°C                                                                                                |
| NUMBER OF CHANNELS               | 1                                                                                                         |
| MOUNTING TYPE                    | Surface Mount                                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                |
| INTERNAL SWITCH(S)               | No                                                                                                        |
| FEATURES                         | Latched Fault                                                                                             |
| FEATURE PINS                     | DRAIN, OV, /PWRGD, SS, TIMER, UV                                                                          |
| DETAILED DESCRIPTION             | Hot Swap Controller 1 Channel -48V 10-MSOP                                                                |
| CURRENT - SUPPLY                 | 900µA                                                                                                     |
| CURRENT - OUTPUT (MAX)           | -                                                                                                         |
| BASE PART NUMBER                 | LTC4252                                                                                                   |
| APPLICATIONS                     | -48V                                                                                                      |
