

SSI Technologies, Inc.

Part Number: P51-200-A-AA-P-20MA-000-000

Manufacturer/Brand: SSI Technologies, Inc.

Product description: SENSOR 200PSI 7/16-20 UNF 4-20MA

Datasheets: [1.P51-200-A-AA-P-20MA-000-000.pdf](#)  
[2.P51-200-A-AA-P-20MA-000-000.pdf](#)

RoHs Status:  Lead free / RoHS Compliant

Stock Condition: 719 pcs stock

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of P51-200-A-AA-P-20MA-000-000

|                                  |                                                                                                        |

| DATA SHEET                       | <a href="#">1.P51-200-A-AA-P-20MA-000-000.pdf</a><br><a href="#">2.P51-200-A-AA-P-20MA-000-000.pdf</a> |
| VOLTAGE - SUPPLY                 | 8 V ~ 30 V                                                                                             |
| TERMINATION STYLE                | Packard, 3 Pin                                                                                         |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                      |
| SERIES                           | MediaSensor™                                                                                           |
| PRESSURE TYPE                    | Absolute                                                                                               |
| PORT STYLE                       | Threaded                                                                                               |
| PORT SIZE                        | Male - 7/16" (11.11mm) UNF                                                                             |
| PACKAGE / CASE                   | Cylinder                                                                                               |
| OUTPUT TYPE                      | Analog Current                                                                                         |
| OUTPUT                           | 4 mA ~ 20 mA                                                                                           |
| OTHER NAMES                      | P51-200-A-AA-P-20MA<br>P51-200-A-AA-P-20MA-ND                                                          |
| OPERATING TEMPERATURE            | -40°C ~ 105°C                                                                                          |
| OPERATING PRESSURE               | 200 PSI (1378.95 kPa)                                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                          |
| MAXIMUM PRESSURE                 | -                                                                                                      |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                             |
| FEATURES                         | Amplified Output, Temperature Compensated                                                              |
| DETAILED DESCRIPTION             | Pressure Sensor 200 PSI (1378.95 kPa) Absolute Male - 7/16" (11.11mm) UNF 4 mA ~ 20 mA Cylinder        |
| ACCURACY                         | ±0.5%                                                                                                  |
