| DATA SHEET                       |  <a href="#">AAT3242ITP-WN-T1.pdf</a> |
| VOLTAGE DROPOUT (MAX)            | 0.6V @ 300mA, 0.3V @ 150mA                                                                                               |
| VOLTAGE - OUTPUT (MIN/FIXED)     | 3.3V, 2.5V                                                                                                               |
| VOLTAGE - OUTPUT (MAX)           | -                                                                                                                        |
| VOLTAGE - INPUT (MAX)            | 5.5V                                                                                                                     |
| SUPPLIER DEVICE PACKAGE          | 12-TSOPJW                                                                                                                |
| SERIES                           | -                                                                                                                        |
| PROTECTION FEATURES              | Over Current, Over Temperature, Short Circuit                                                                            |
| PACKAGING                        | Tape & Reel (TR)                                                                                                         |
| PACKAGE / CASE                   | 12-TFSOJ (0.094", 2.40mm Width)                                                                                          |
| PSRR                             | 65dB ~ 42dB (1kHz ~ 1MHz)                                                                                                |
| OUTPUT TYPE                      | Fixed                                                                                                                    |
| OUTPUT CONFIGURATION             | Positive                                                                                                                 |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                                        |
| NUMBER OF REGULATORS             | 2                                                                                                                        |
| MOUNTING TYPE                    | Surface Mount                                                                                                            |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                            |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                               |
| DETAILED DESCRIPTION             | Linear Voltage Regulator IC Positive Fixed 2 Output 3.3V, 2.5V 300mA, 150mA 12-TSOPJW                                    |
| CURRENT - OUTPUT                 | 300mA, 150mA                                                                                                             |
| CONTROL FEATURES                 | Enable                                                                                                                   |
