| DATA SHEET                           |  <a href="#">SI8221DC-A-IS.pdf</a> |
| VOLTAGE - SUPPLY                     | 14.8 V ~ 24 V                                                                                                         |
| VOLTAGE - ISOLATION                  | 3750Vrms                                                                                                              |
| VOLTAGE - FORWARD (VF) (TYP)         | 2.5V (Max)                                                                                                            |
| TECHNOLOGY                           | Capacitive Coupling                                                                                                   |
| SUPPLIER DEVICE PACKAGE              | 8-SOIC                                                                                                                |
| SERIES                               | Automotive, AEC-Q100                                                                                                  |
| RISE / FALL TIME (TYP)               | 30ns, 30ns (Max)                                                                                                      |
| PULSE WIDTH DISTORTION (MAX)         | -                                                                                                                     |
| PROPAGATION DELAY TPLH / TPHL (MAX)  | 60ns, 40ns                                                                                                            |
| PACKAGING                            | Tube                                                                                                                  |
| PACKAGE / CASE                       | 8-SOIC (0.154", 3.90mm Width)                                                                                         |
| OPERATING TEMPERATURE                | -40°C ~ 125°C                                                                                                         |
| NUMBER OF CHANNELS                   | 1                                                                                                                     |
| MOUNTING TYPE                        | Surface Mount                                                                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL)     | 1 (Unlimited)                                                                                                         |
| LEAD FREE STATUS / ROHS STATUS       | Lead free / RoHS Compliant                                                                                            |
| DETAILED DESCRIPTION                 | 500mA Gate Driver Capacitive Coupling 3750Vrms 1 Channel 8-SOIC                                                       |
| CURRENT - PEAK OUTPUT                | 500mA                                                                                                                 |
| CURRENT - OUTPUT HIGH, LOW           | 300mA, 500mA                                                                                                          |
| CURRENT - DC FORWARD (IF) (MAX)      | 30mA                                                                                                                  |
| COMMON MODE TRANSIENT IMMUNITY (MIN) | 30kV/μs (Typ)                                                                                                         |
| APPROVALS                            | CSA, UR, VDE                                                                                                          |
