

SSI Technologies, Inc.

P61-750-S-A-I18-4.5V-A

Part Number: P61-750-S-A-I18-4.5V-A

Manufacturer/Brand: SSI Technologies, Inc.

Product description: SENSOR 750PSIS 1/4 NPT W/TEMP

Datasheets:  [P61-750-S-A-I18-4.5V-A.pdf](#)

RoHs Status:  Lead free / RoHS Compliant

Stock Condition: 585 pcs stock

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of P61-750-S-A-I18-4.5V-A

|                                  |                                                                                                                                |

| DATA SHEET                       |  <a href="#">P61-750-S-A-I18-4.5V-A.pdf</a> |
| VOLTAGE - SUPPLY                 | 5V                                                                                                                             |
| TERMINATION STYLE                | 18" Integral Harness                                                                                                           |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                                              |
| SERIES                           | MediaSensor™                                                                                                                   |
| PRESSURE TYPE                    | Sealed Gauge                                                                                                                   |
| PORT STYLE                       | Threaded                                                                                                                       |
| PORT SIZE                        | Male - 1/4" (6.35mm) NPT                                                                                                       |
| PACKAGE / CASE                   | Cylinder                                                                                                                       |
| OUTPUT TYPE                      | Analog Voltage                                                                                                                 |
| OUTPUT                           | 0.5 V ~ 4.5 V                                                                                                                  |
| OPERATING TEMPERATURE            | -40°C ~ 105°C                                                                                                                  |
| OPERATING PRESSURE               | 750 PSI (5171.07 kPa)                                                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                                  |
| MAXIMUM PRESSURE                 | 2250 PSI (15513.2 kPa)                                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                     |
| FEATURES                         | -                                                                                                                              |
| DETAILED DESCRIPTION             | Pressure Sensor 750 PSI (5171.07 kPa) Sealed Gauge Male - 1/4" (6.35mm) NPT 0.5 V ~ 4.5 V Cylinder                             |
| ACCURACY                         | ±0.5%                                                                                                                          |
