| DATA SHEET                       |  EZR32HG320F32R69G-B0R.pdf |
| VOLTAGE - SUPPLY                 | 1.98 V ~ 3.8 V                                                                                                |
| TYPE                             | TxRx + MCU                                                                                                    |
| SERIES                           | -                                                                                                             |
| SERIAL INTERFACES                | I²C, SPI, UART, USART, USB                                                                                    |
| SENSITIVITY                      | -133dBm                                                                                                       |
| RF FAMILY/STANDARD               | 802.15.4                                                                                                      |
| PROTOCOL                         | -                                                                                                             |
| POWER - OUTPUT                   | 20dBm                                                                                                         |
| PACKAGING                        | Tape & Reel (TR)                                                                                              |
| PACKAGE / CASE                   | 48-VFQFN Exposed Pad                                                                                          |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                 |
| MODULATION                       | 4GFSK, GFSK, GMSK, OOK                                                                                        |
| MEMORY SIZE                      | 32kB Flash, 8kB RAM                                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                    |
| GPIO                             | 25                                                                                                            |
| FREQUENCY                        | 284MHz ~ 960MHz                                                                                               |
| DETAILED DESCRIPTION             | IC RF TxRx + MCU 802.15.4 284MHz ~ 960MHz 48-VFQFN Exposed Pad                                                |
| DATA RATE (MAX)                  | 1Mbps                                                                                                         |
| CURRENT - TRANSMITTING           | 18mA ~ 108mA                                                                                                  |
| CURRENT - RECEIVING              | 11.1mA ~ 13.7mA                                                                                               |
