| DESCRIPTION                      | IC MCU 8BIT 4KB FLASH 32TQFP                                                     |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                       |
| QUANTITY AVAILABLE               | 78299 pcs                                                                        |
| DATA SHEET                       |                                                                                  |
| VOLTAGE - SUPPLY (VCC/VDD)       | FLASH                                                                            |
| VOLTAGE - BREAKDOWN              | 32-TQFP (7x7)                                                                    |
| SERIES                           | AVR® ATmega                                                                      |
| ROHS STATUS                      | Digi-Reel®                                                                       |
| REVERSE RECOVERY TIME (TRR)      | 20MHz                                                                            |
| REQUIRES                         | Brown-out Detect/Reset, POR, PWM, WDT                                            |
| PROGRAM MEMORY TYPE              | 4KB (2K x 16)                                                                    |
| PROGRAM MEMORY SIZE              | I²C, SPI, UART/USART                                                             |
| POLARIZATION                     | 32-TQFP                                                                          |
| OTHER NAMES                      | 1611-ATMEGA48PA-ANRDKR                                                           |
| OSCILLATOR TYPE                  | A/D 8x10b                                                                        |
| OPERATING TEMPERATURE            | -40°C ~ 105°C (TA)                                                               |
| OPERATING SYSTEM                 | AVR                                                                              |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                    |
| MANUFACTURER PART NUMBER         | ATMEGA48PA-ANR                                                                   |
| EXPANDED DESCRIPTION             | AVR AVR® ATmega Microcontroller IC 8-Bit 20MHz 4KB (2K x 16) FLASH 32-TQFP (7x7) |
| DESCRIPTION                      | IC MCU 8BIT 4KB FLASH 32TQFP                                                     |
| DATA SRAM BYTES                  | 256 x 8                                                                          |
| DATA CONVERTERS                  | 1.8 V ~ 5.5 V                                                                    |
| CORE SIZE                        | 512 x 8                                                                          |
| CONTROLLER SERIES                | Internal                                                                         |
| CONNECTIVITY                     | 8-Bit                                                                            |
| CLOCK RATE                       | 23                                                                               |
