| DESCRIPTION                      | IC MCU 16BIT 48KB FLASH 64VQFN                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                 |
| QUANTITY AVAILABLE               | 5664 pcs                                                                                   |
| DATA SHEET                       |                                                                                            |
| VOLTAGE - SUPPLY (VCC/VDD)       | 1.8 V ~ 3.6 V                                                                              |
| SUPPLIER DEVICE PACKAGE          | 64-VQFN (9x9)                                                                              |
| SPEED                            | 8MHz                                                                                       |
| SERIES                           | MSP430x1xx                                                                                 |
| RAM SIZE                         | 10K x 8                                                                                    |
| PROGRAM MEMORY TYPE              | FLASH                                                                                      |
| PROGRAM MEMORY SIZE              | 48KB (48K x 8 + 256B)                                                                      |
| PERIPHERALS                      | Brown-out Detect/Reset, DMA, POR, PWM, WDT                                                 |
| PACKAGING                        | Original-Reel®                                                                             |
| PACKAGE / CASE                   | 64-VFQFN Exposed Pad                                                                       |
| OTHER NAMES                      | 296-18102-6                                                                                |
| OSCILLATOR TYPE                  | Internal                                                                                   |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                          |
| NUMBER OF I/O                    | 48                                                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                 |
| EEPROM SIZE                      | -                                                                                          |
| DETAILED DESCRIPTION             | MSP430 MSP430x1xx Microcontroller IC 16-Bit 8MHz 48KB (48K x 8 + 256B) FLASH 64-VQFN (9x9) |
| DATA CONVERTERS                  | A/D 8x12b, D/A 2x12b                                                                       |
| CORE SIZE                        | 16-Bit                                                                                     |
| CORE PROCESSOR                   | MSP430                                                                                     |
| CONNECTIVITY                     | I²C, SPI, UART/USART                                                                       |
| BASE PART NUMBER                 | MSP430F1611                                                                                |
