

B58621K1510A062

Part Number: B58621K1510A062

Manufacturer/Brand: EPCOS

Product description: PRES SENSOR GAUGE 100MBAR PCB

Datasheets:  B58621K1510A062.pdf

RoHs Status:  Lead free / RoHS Compliant

Stock Condition: 1190 pcs stock

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of B58621K1510A062

|                                  |                                                                                                         |

| DESCRIPTION                      | PRES SENSOR GAUGE 100MBAR PCB                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| QUANTITY AVAILABLE               | 1190 pcs                                                                                                |
| DATA SHEET                       |  B58621K1510A062.pdf |
| VOLTAGE - SUPPLY                 | 4.75 V ~ 5.5 V                                                                                          |
| TERMINATION STYLE                | Solder Pad                                                                                              |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                       |
| SERIES                           | AC-T                                                                                                    |
| PRESSURE TYPE                    | Vented Gauge                                                                                            |
| PORT STYLE                       | Threaded                                                                                                |
| PORT SIZE                        | Male - M5                                                                                               |
| PACKAGE / CASE                   | 8-DIP Module                                                                                            |
| OUTPUT TYPE                      | Analog Voltage                                                                                          |
| OUTPUT                           | 0.5 V ~ 4.5 V                                                                                           |
| OTHER NAMES                      | 495-4129<br>B58621K1510A 62<br>B58621K1510A62                                                           |
| OPERATING TEMPERATURE            | -25°C ~ 85°C                                                                                            |
| OPERATING PRESSURE               | 1.45 PSI (10 kPa)                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                           |
| MAXIMUM PRESSURE                 | 217.56 PSI (1500 kPa)                                                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| FEATURES                         | Temperature Compensated                                                                                 |
| DETAILED DESCRIPTION             | Pressure Sensor 1.45 PSI (10 kPa) Vented Gauge Male - M5 0.5 V ~ 4.5 V 8-DIP Module                     |
| ACCURACY                         | ±2%                                                                                                     |
