| QUANTITY AVAILABLE               | 2860 pcs                                                                                                            |
| DATA SHEET                       |  <a href="#">ISL6111CRZA.pdf</a> |
| VOLTAGE - SUPPLY                 | 10.8 V ~ 13.2 V                                                                                                     |
| TYPE                             | Hot Plug Controller                                                                                                 |
| SUPPLIER DEVICE PACKAGE          | 20-QFN-EP (5x5)                                                                                                     |
| SERIES                           | -                                                                                                                   |
| PROGRAMMABLE FEATURES            | Current Limit, Fault Timeout, Slew Rate                                                                             |
| PACKAGING                        | Tube                                                                                                                |
| PACKAGE / CASE                   | 20-VQFN Exposed Pad                                                                                                 |
| OPERATING TEMPERATURE            | 0°C ~ 75°C                                                                                                          |
| NUMBER OF CHANNELS               | 4                                                                                                                   |
| MOUNTING TYPE                    | Surface Mount                                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                       |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                          |
| INTERNAL SWITCH(S)               | Both                                                                                                                |
| FEATURES                         | Latched Fault, UVLO                                                                                                 |
| FEATURE PINS                     | CRSET, CRTIM, EN, FLTN, M12VG, PGOOD                                                                                |
| DETAILED DESCRIPTION             | Hot Plug Controller 4 Channel PCI, PCI-X 20-QFN-EP (5x5)                                                            |
| CURRENT - OUTPUT (MAX)           | 100mA, 500mA                                                                                                        |
| BASE PART NUMBER                 | ISL6111                                                                                                             |
| APPLICATIONS                     | PCI, PCI-X                                                                                                          |
