| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                                                   |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                   |
| MODULATION OR PROTOCOL           | ASK, FSK                                                                                                        |
| MEMORY SIZE                      | -                                                                                                               |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                      |
| FREQUENCY                        | 433MHz                                                                                                          |
| FEATURES                         | -                                                                                                               |
| DETAILED DESCRIPTION             | RF Transmitter ASK, FSK 433MHz 6dBm 40 kbps PCB, Surface Mount Antenna 10-TFSOP, 10-MSOP (0.118", 3.00mm Width) |
| DATA RATE (MAX)                  | 40 kbps                                                                                                         |
| DATA INTERFACE                   | PCB, Surface Mount                                                                                              |
| CURRENT - TRANSMITTING           | 8.8mA                                                                                                           |
| APPLICATIONS                     | TPM (Tire Pressure Monitor)                                                                                     |
| ANTENNA CONNECTOR                | PCB, Surface Mount                                                                                              |
