

S-8111W

|                     |                                  |
|---------------------|----------------------------------|
| Part Number:        | S-8111W                          |
| Manufacturer/Brand: | Copal Electronics                |
| Product description | SWITCH ROTARY DIP OCTAL 100MA 5V |
| Datasheets:         | S-8111W.pdf                      |
| RoHs Status         | Lead free / RoHS Compliant       |
| Stock Condition     | 43930 pcs stock                  |
| Ship From           | Hong Kong                        |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS            |

REQUEST FOR QUOTATION

| WASHABLE                         | Yes                                                                                         |
| VOLTAGE RATING                   | 5VDC                                                                                        |
| TERMINATION STYLE                | PC Pin                                                                                      |
| SERIES                           | S-8000                                                                                      |
| PITCH                            | 0.100" (2.54mm), Full                                                                       |
| PACKAGING                        | Tray                                                                                        |
| OTHER NAMES                      | Q4324366                                                                                    |
| OPERATING TEMPERATURE            | -25°C ~ 70°C                                                                                |
| NUMBER OF POSITIONS              | 8                                                                                           |
| MOUNTING TYPE                    | Through Hole, Right Angle                                                                   |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                               |
| MECHANICAL LIFE                  | -                                                                                           |
| LENGTH                           | 0.283" (7.20mm)                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                  |
| HEIGHT ABOVE BOARD               | 0.283" (7.20mm)                                                                             |
| FEATURES                         | -                                                                                           |
| ELECTRICAL LIFE                  | 10,000 Steps                                                                                |
| DETAILED DESCRIPTION             | Dip Switch Octal 8 Position Through Hole, Right Angle Rotary with Shaft Actuator 100mA 5VDC |
| CURRENT RATING                   | 100mA                                                                                       |
| CONTACT MATERIAL                 | Copper Alloy                                                                                |
| CONTACT FINISH                   | Gold                                                                                        |
| CIRCUIT                          | Octal                                                                                       |
| BODY MATERIAL                    | Polybutylene Terephthalate (PBT)                                                            |
| ACTUATOR TYPE                    | Rotary with Shaft                                                                           |
| ACTUATOR LEVEL                   | Raised                                                                                      |
