| DATA SHEET                       |  TBD62503AFWG,EL.pdf |
| VOLTAGE - SUPPLY (VCC/VDD)       | Not Required                                                                                            |
| VOLTAGE - LOAD                   | 50V (Max)                                                                                               |
| SWITCH TYPE                      | General Purpose                                                                                         |
| SUPPLIER DEVICE PACKAGE          | 16-SOP                                                                                                  |
| SERIES                           | -                                                                                                       |
| RDS ON (TYP)                     | -                                                                                                       |
| RATIO - INPUT:OUTPUT             | 1:1                                                                                                     |
| PACKAGING                        | Cut Tape (CT)                                                                                           |
| PACKAGE / CASE                   | 16-SOIC (0.154", 3.90mm Width)                                                                          |
| OUTPUT TYPE                      | N-Channel                                                                                               |
| OUTPUT CONFIGURATION             | Low Side                                                                                                |
| OTHER NAMES                      | TBD62503AFWGELCT                                                                                        |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                       |
| NUMBER OF OUTPUTS                | 7                                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| INTERFACE                        | On/Off                                                                                                  |
| INPUT TYPE                       | Inverting                                                                                               |
| FEATURES                         | -                                                                                                       |
| FAULT PROTECTION                 | -                                                                                                       |
| CURRENT - OUTPUT (MAX)           | 300mA                                                                                                   |
