| QUANTITY AVAILABLE               | 6209 pcs                                                                                                 |
| DATA SHEET                       |  LTC4261IGN-2#PBF.pdf |
| VOLTAGE - SUPPLY                 | -48V                                                                                                     |
| TYPE                             | Hot Swap Controller, Monitor                                                                             |
| SUPPLIER DEVICE PACKAGE          | 28-SSOP                                                                                                  |
| SERIES                           | -                                                                                                        |
| PROGRAMMABLE FEATURES            | Auto Retry, Current Limit, Fault Timeout, Latched Fault, OVP, UVLO                                       |
| PACKAGING                        | Tube                                                                                                     |
| PACKAGE / CASE                   | 28-SSOP (0.154", 3.90mm Width)                                                                           |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                             |
| NUMBER OF CHANNELS               | 1                                                                                                        |
| MOUNTING TYPE                    | Surface Mount                                                                                            |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                            |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                               |
| INTERNAL SWITCH(S)               | No                                                                                                       |
| FEATURES                         | I²C                                                                                                      |
| FEATURE PINS                     | ADIN, ADIN2, /ALERT, DRAIN, /EN, /FLTIN, INTVCC, ON, OV, /PG, /PGI, PGIO, RAMP, SS, TMR, UVH, UVL        |
| DETAILED DESCRIPTION             | Hot Swap Controller, Monitor 1 Channel -48V 28-SSOP                                                      |
| CURRENT - SUPPLY                 | 2mA                                                                                                      |
| CURRENT - OUTPUT (MAX)           | -                                                                                                        |
| BASE PART NUMBER                 | LTC4261                                                                                                  |
| APPLICATIONS                     | -48V                                                                                                     |
