

P51-750-A-M-I12-4.5V-000-000

Part Number: P51-750-A-M-I12-4.5V-000-000

Manufacturer/Brand: SSI Technologies, Inc.

Product description: SENSOR 750PSI M10-1.0 6G .5-4.5V

1.P51-750-A-M-I12-4.5V-000-000.pdf

2.P51-750-A-M-I12-4.5V-000-000.pdf

Lead free / RoHS Compliant

501 pcs stock

Hong Kong

DHL/Fedex/TNT/UPS/EMS

| VOLTAGE - SUPPLY                 | 5V                                                                                                       |
| TERMINATION STYLE                | Cable 1'                                                                                                 |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                        |
| SERIES                           | MediaSensor™                                                                                             |
| PRESSURE TYPE                    | Absolute                                                                                                 |
| PORT STYLE                       | Threaded                                                                                                 |
| PORT SIZE                        | Male - M10 x 1.0                                                                                         |
| PACKAGE / CASE                   | Cylinder                                                                                                 |
| OUTPUT TYPE                      | Analog Voltage                                                                                           |
| OUTPUT                           | 0.5 V ~ 4.5 V                                                                                            |
| OTHER NAMES                      | P51-750-A-M-I12-4.5V<br>P51-750-A-M-I12-4.5V-ND                                                          |
| OPERATING TEMPERATURE            | -40°C ~ 105°C                                                                                            |
| OPERATING PRESSURE               | 750 PSI (5171.07 kPa)                                                                                    |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                            |
| MAXIMUM PRESSURE                 | -                                                                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                               |
| FEATURES                         | Amplified Output, Temperature Compensated                                                                |
| DETAILED DESCRIPTION             | Pressure Sensor 750 PSI (5171.07 kPa) Absolute Male - M10 x 1.0 0.5 V ~ 4.5 V Cylinder                   |
| ACCURACY                         | ±0.5%                                                                                                    |
