

SSI Technologies, Inc.

P51-75-S-R-D-5V-000-000

Part Number: P51-75-S-R-D-5V-000-000

Manufacturer/Brand: SSI Technologies, Inc.

Product description: SENSOR 75PSIS M12 5V

Datasheets:  [P51-75-S-R-D-5V-000-000.pdf](#)

RoHs Status:  Lead free / RoHS Compliant

Stock Condition: 564 pcs stock

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of P51-75-S-R-D-5V-000-000

| DATA SHEET                     |  <a href="#">P51-75-S-R-D-5V-000-000.pdf</a> |
| VOLTAGE - SUPPLY               | 8 V ~ 30 V                                                                                                                      |
| TERMINATION STYLE              | Deutsch, 3 Pin                                                                                                                  |
| SUPPLIER DEVICE PACKAGE        | -                                                                                                                               |
| SERIES                         | MediaSensor™                                                                                                                    |
| PRESSURE TYPE                  | Sealed Gauge                                                                                                                    |
| PORT STYLE                     | Threaded                                                                                                                        |
| PORT SIZE                      | Male - M12 x 1.0                                                                                                                |
| PACKAGE / CASE                 | Cylinder                                                                                                                        |
| OUTPUT TYPE                    | Analog Voltage                                                                                                                  |
| OUTPUT                         | 1 V ~ 5 V                                                                                                                       |
| OTHER NAMES                    | P51-75-S-R-D-5V<br>P51-75-S-R-D-5V-ND                                                                                           |
| OPERATING TEMPERATURE          | -40°C ~ 105°C                                                                                                                   |
| OPERATING PRESSURE             | 75 PSI (517.11 kPa)                                                                                                             |
| MAXIMUM PRESSURE               | -                                                                                                                               |
| LEAD FREE STATUS / ROHS STATUS | Lead free / RoHS Compliant                                                                                                      |
| FEATURES                       | Amplified Output, Temperature Compensated                                                                                       |
| DETAILED DESCRIPTION           | Pressure Sensor 75 PSI (517.11 kPa) Sealed Gauge Male - M12 x 1.0 1 V ~ 5 V Cylinder                                            |
| ACCURACY                       | ±0.5%                                                                                                                           |
