| DESCRIPTION                      | RF MODULATORS + DEMODULATORS                                                                             |
| LEAD FREE STATUS / ROHS STATUS   |                                                                                                          |
| QUANTITY AVAILABLE               | 1074 pcs                                                                                                 |
| DATA SHEET                       |  ADRF5026BCCZN-R7.pdf |
| VOLTAGE - SUPPLY                 | 3.15 V ~ 3.45 V                                                                                          |
| TOPOLOGY                         | Absorptive                                                                                               |
| TEST FREQUENCY                   | 44GHz                                                                                                    |
| SUPPLIER DEVICE PACKAGE          | 20-LGA (3x3)                                                                                             |
| SERIES                           | -                                                                                                        |
| RF TYPE                          | VSAT                                                                                                     |
| PACKAGE / CASE                   | 20-WFLGA Exposed Pad                                                                                     |
| P1DB                             | 27dBm                                                                                                    |
| OPERATING TEMPERATURE            | -40°C ~ 105°C                                                                                            |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                            |
| ISOLATION                        | 45dB                                                                                                     |
| INSERTION LOSS                   | 3.8dB                                                                                                    |
| IMPEDANCE                        | 50 Ohm                                                                                                   |
| IIP3                             | 53dBm                                                                                                    |
| FREQUENCY RANGE                  | 100MHz ~ 44GHz                                                                                           |
| FEATURES                         | -                                                                                                        |
| DETAILED DESCRIPTION             | RF Switch IC VSAT SPDT 50 Ohm 20-LGA (3x3)                                                               |
| CIRCUIT                          | SPDT                                                                                                     |
