| DATA SHEET                           |  SI8232BB-D-IS1.pdf |
| VOLTAGE - SUPPLY                     | 9.4 V ~ 24 V                                                                                           |
| VOLTAGE - ISOLATION                  | 2500Vrms                                                                                               |
| VOLTAGE - FORWARD (VF) (TYP)         | -                                                                                                      |
| TECHNOLOGY                           | Capacitive Coupling                                                                                    |
| SUPPLIER DEVICE PACKAGE              | 16-SOIC                                                                                                |
| SERIES                               | Automotive, AEC-Q100                                                                                   |
| RISE / FALL TIME (TYP)               | 20ns, 20ns (Max)                                                                                       |
| PULSE WIDTH DISTORTION (MAX)         | 5.6ns                                                                                                  |
| PROPAGATION DELAY TPLH / TPHL (MAX)  | 60ns, 60ns                                                                                             |
| PACKAGING                            | Tube                                                                                                   |
| PACKAGE / CASE                       | 16-SOIC (0.154", 3.90mm Width)                                                                         |
| OTHER NAMES                          | 336-4686<br>SI8232BB-D-IS1-ND                                                                          |
| OPERATING TEMPERATURE                | -40°C ~ 125°C                                                                                          |
| NUMBER OF CHANNELS                   | 2                                                                                                      |
| MOUNTING TYPE                        | Surface Mount                                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL)     | 2A (4 Weeks)                                                                                           |
| LEAD FREE STATUS / ROHS STATUS       | Lead free / RoHS Compliant                                                                             |
| DETAILED DESCRIPTION                 | 500mA Gate Driver Capacitive Coupling 2500Vrms 2 Channel 16-SOIC                                       |
| CURRENT - PEAK OUTPUT                | 500mA                                                                                                  |
| CURRENT - OUTPUT HIGH, LOW           | 250mA, 500mA                                                                                           |
| COMMON MODE TRANSIENT IMMUNITY (MIN) | 20kV/μs                                                                                                |
| APPROVALS                            | CQC, CSA, UR, VDE                                                                                      |
