

SFEM032GB1EA1TO-I-LF-111-E16

|                     |                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------|
| Part Number:        | SFEM032GB1EA1TO-I-LF-111-E16                                                                                 |
| Manufacturer/Brand: | Swissbit                                                                                                     |
| Product description | IC FLASH 128G EMMC 153LFBGA                                                                                  |
| Datasheets:         |                                                                                                              |
| RoHs Status         |  Lead free / RoHS Compliant |
| Stock Condition     | 1834 pcs stock                                                                                               |
| Ship From           | Hong Kong                                                                                                    |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS                                                                                        |

REQUEST FOR QUOTATION

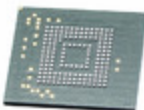

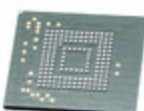

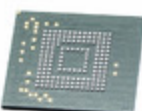

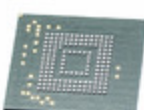

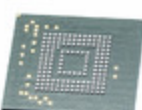

Specifications of SFEM032GB1EA1TO-I-LF-111-E16

|                                  |                                                                               |
|----------------------------------|-------------------------------------------------------------------------------|
| PART NUMBER                      | SFEM032GB1EA1TO-I-LF-111-E16                                                  |
| MANUFACTURER                     | Swissbit                                                                      |
| DESCRIPTION                      | IC FLASH 128G EMMC 153LFBGA                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                    |
| QUANTITY AVAILABLE               | 1834 pcs                                                                      |
| DATA SHEET                       |                                                                               |
| WRITE CYCLE TIME - WORD, PAGE    | -                                                                             |
| VOLTAGE - SUPPLY                 | 2.7 V ~ 3.6 V                                                                 |
| TECHNOLOGY                       | FLASH - NAND (pSLC)                                                           |
| SUPPLIER DEVICE PACKAGE          | 153-LFBGA (11.5x13)                                                           |
| SERIES                           | EM-26                                                                         |
| PACKAGING                        | Tray                                                                          |
| PACKAGE / CASE                   | 153-LFBGA                                                                     |
| OTHER NAMES                      | 1052-1342<br>500536                                                           |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                  |
| MOUNTING TYPE                    | Surface Mount                                                                 |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                 |
| MEMORY TYPE                      | Non-Volatile                                                                  |
| MEMORY SIZE                      | 128Gb (16G x 8)                                                               |
| MEMORY INTERFACE                 | eMMC                                                                          |
| MEMORY FORMAT                    | FLASH                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                    |
| DETAILED DESCRIPTION             | FLASH - NAND (pSLC) Memory IC 128Gb (16G x 8) eMMC 400MHz 153-LFBGA (11.5x13) |
| CLOCK FREQUENCY                  | 400MHz                                                                        |
