| QUANTITY AVAILABLE               | 5290 pcs                                                                                                           |
| DATA SHEET                       |  <a href="#">LKSR 50-NP.pdf</a> |
| VOLTAGE - SUPPLY                 | 4.75 V ~ 5.25 V                                                                                                    |
| SERIES                           | LKSR                                                                                                               |
| SENSOR TYPE                      | Hall Effect, Closed Loop                                                                                           |
| SENSITIVITY                      | 12.5mV/A                                                                                                           |
| RESPONSE TIME                    | 400ns                                                                                                              |
| POLARIZATION                     | Bidirectional                                                                                                      |
| PACKAGE / CASE                   | Module                                                                                                             |
| OUTPUT                           | Ratiometric, Voltage                                                                                               |
| OTHER NAMES                      | 398-1204                                                                                                           |
| OPERATING TEMPERATURE            | -40°C ~ 105°C (TA)                                                                                                 |
| NUMBER OF CHANNELS               | 1                                                                                                                  |
| MOUNTING TYPE                    | Through Hole                                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                      |
| LINEARITY                        | ±0.1%                                                                                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                         |
| FREQUENCY                        | 300kHz                                                                                                             |
| FOR MEASURING                    | AC/DC                                                                                                              |
| DETAILED DESCRIPTION             | Current Sensor 50A 1 Channel Hall Effect, Closed Loop Bidirectional Module                                         |
| CURRENT - SUPPLY (MAX)           | 51.3mA                                                                                                             |
| CURRENT - SENSING                | 50A                                                                                                                |
| ACCURACY                         | ±1.25%                                                                                                             |
