| DESCRIPTION                      | SWITCH RX-IC RKE/TPMS (315MHZ)                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| QUANTITY AVAILABLE               | 86148 pcs                                                                                               |
| DATA SHEET                       |  ATA5746C-PXQW-1.pdf |
| VOLTAGE - SUPPLY                 | 2.7 V ~ 3.3 V                                                                                           |
| SUPPLIER DEVICE PACKAGE          | 24-VQFN (5x5)                                                                                           |
| SERIES                           | -                                                                                                       |
| SENSITIVITY                      | -114dBm                                                                                                 |
| PACKAGING                        | Cut Tape (CT)                                                                                           |
| PACKAGE / CASE                   | 24-VQFN Exposed Pad                                                                                     |
| OTHER NAMES                      | 1611-ATA5746C-PXQW-1CT                                                                                  |
| OPERATING TEMPERATURE            | -40°C ~ 105°C                                                                                           |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                           |
| MODULATION OR PROTOCOL           | ASK, FSK                                                                                                |
| MEMORY SIZE                      | -                                                                                                       |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| FREQUENCY                        | 315MHz                                                                                                  |
| FEATURES                         | -                                                                                                       |
| DETAILED DESCRIPTION             | - RF Receiver ASK, FSK 315MHz -114dBm 10kbps PCB, Surface Mount 24-VQFN (5x5)                           |
| DATA RATE (MAX)                  | 10kbps                                                                                                  |
| DATA INTERFACE                   | PCB, Surface Mount                                                                                      |
| CURRENT - RECEIVING              | 6.9mA                                                                                                   |
| APPLICATIONS                     | Alarm and Security Systems, RKE, TPMS                                                                   |
| ANTENNA CONNECTOR                | PCB, Surface Mount                                                                                      |
