## Specifications of 74LCX541FT(AE)

|                                  |                                                                                                                        |
|----------------------------------|------------------------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | 74LCX541FT(AE)                                                                                                         |
| MANUFACTURER                     | Toshiba Semiconductor and Storage                                                                                      |
| DESCRIPTION                      | IC BUF NON-INVERT 3.6V 20TSSOP                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                             |
| QUANTITY AVAILABLE               | 879580 pcs                                                                                                             |
| DATA SHEET                       |  <a href="#">74LCX541FT(AE).pdf</a> |
| VOLTAGE - SUPPLY                 | 1.65 V ~ 3.6 V                                                                                                         |
| SUPPLIER DEVICE PACKAGE          | 20-TSSOP                                                                                                               |
| SERIES                           | TC74LCX                                                                                                                |
| PACKAGING                        | Tape & Reel (TR)                                                                                                       |
| PACKAGE / CASE                   | 20-TSSOP (0.173", 4.40mm Width)                                                                                        |
| OUTPUT TYPE                      | 3-State                                                                                                                |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                                      |
| NUMBER OF ELEMENTS               | 1                                                                                                                      |
| NUMBER OF BITS PER ELEMENT       | 8                                                                                                                      |
| MOUNTING TYPE                    | Surface Mount                                                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                          |
| LOGIC TYPE                       | Buffer, Non-Inverting                                                                                                  |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                             |
| INPUT TYPE                       | -                                                                                                                      |
| DETAILED DESCRIPTION             | Buffer, Non-Inverting 1 Element 8 Bit per Element 3-State Output 20-TSSOP                                              |
| CURRENT - OUTPUT HIGH, LOW       | 24mA, 24mA                                                                                                             |
