Specifications of E2E-X1R5F2 5M

|                                  |                                                                        |
|----------------------------------|------------------------------------------------------------------------|
| PART NUMBER                      | E2E-X1R5F2 5M                                                          |
| MANUFACTURER                     | Omron Automation & Safety                                              |
| DESCRIPTION                      | DC 2WIRE SHLD M30 10MM NO                                              |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                     |
| QUANTITY AVAILABLE               | 902 pcs                                                                |
| DATA SHEET                       |                                                                        |
| VOLTAGE - SUPPLY                 | 10 V ~ 40 V                                                            |
| TERMINATION STYLE                | Cable Leads                                                            |
| SHIELDING                        | Shielded                                                               |
| SERIES                           | E2E                                                                    |
| SENSOR TYPE                      | Inductive                                                              |
| SENSING DISTANCE                 | 0.059" (1.5mm)                                                         |
| RESPONSE FREQUENCY               | 2kHz                                                                   |
| PACKAGE / CASE                   | Cylinder, Threaded - M8                                                |
| OUTPUT TYPE                      | PNP-NC, 3-Wire                                                         |
| OTHER NAMES                      | E2E-X1R5F2 5M-ND<br>E2E-X1R5F25M<br>E2EX1R5F25M                        |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                           |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                          |
| MATERIAL - BODY                  | Stainless Steel                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                     |
| INGRESS PROTECTION               | IP67                                                                   |
| INDICATOR                        | LED                                                                    |
| DETAILED DESCRIPTION             | Inductive Proximity Sensor 0.059" (1.5mm) IP67 Cylinder, Threaded - M8 |
