| DESCRIPTION                      | IC REG LINEAR 1.2V/2.5V 8WDFN                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                            |
| QUANTITY AVAILABLE               | 3639 pcs                                                                                                              |
| DATA SHEET                       |  <a href="#">RT9011-CJGQWB.pdf</a> |
| VOLTAGE DROPOUT (MAX)            | 0.33V @ 300mA, 0.33V @ 300mA                                                                                          |
| VOLTAGE - OUTPUT (MIN/FIXED)     | 1.2V, 2.5V                                                                                                            |
| VOLTAGE - OUTPUT (MAX)           | -                                                                                                                     |
| VOLTAGE - INPUT (MAX)            | 5.5V                                                                                                                  |
| SUPPLIER DEVICE PACKAGE          | 8-WDFN (3x3)                                                                                                          |
| SERIES                           | -                                                                                                                     |
| PROTECTION FEATURES              | Over Current, Over Temperature, Short Circuit                                                                         |
| PACKAGING                        | Tape & Reel (TR)                                                                                                      |
| PACKAGE / CASE                   | 8-WDFN Exposed Pad                                                                                                    |
| PSRR                             | 70dB ~ 38dB (100Hz ~ 300kHz)                                                                                          |
| OUTPUT TYPE                      | Fixed                                                                                                                 |
| OUTPUT CONFIGURATION             | Positive                                                                                                              |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                          |
| NUMBER OF REGULATORS             | 2                                                                                                                     |
| MOUNTING TYPE                    | Surface Mount                                                                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                            |
| DETAILED DESCRIPTION             | Linear Voltage Regulator IC Positive Fixed 2 Output 1.2V, 2.5V 300mA, 300mA 8-WDFN (3x3)                              |
| CURRENT - QUIESCENT (IQ)         | 80µA                                                                                                                  |
| CURRENT - OUTPUT                 | 300mA, 300mA                                                                                                          |
| CONTROL FEATURES                 | Enable                                                                                                                |
