

The image shows a 3D model of a Honeywell component, possibly a sensor or actuator. It has a light gray, matte finish. The top is a thick, circular disk with a small central hole. This disk sits on a square base. The base has a large rectangular cutout on the front face, revealing a dark interior. On the right side of the base, there are two small, semi-circular ports. At the bottom of the base, there are four gold-colored pins or leads extending downwards. The overall design is compact and industrial.
