Specifications of KLI-2113-AAA-ER-AA

|                                  |                                                                                                                            |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | KLI-2113-AAA-ER-AA                                                                                                         |
| MANUFACTURER                     | AMI Semiconductor / ON Semiconductor                                                                                       |
| DESCRIPTION                      | IMAGE SENSOR CCD LIN MONO 28CDIP                                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                 |
| QUANTITY AVAILABLE               | 208 pcs                                                                                                                    |
| DATA SHEET                       |  <a href="#">KLI-2113-AAA-ER-AA.pdf</a> |
| WAVELENGTH                       | -                                                                                                                          |
| VOLTAGE - DC REVERSE (VR) (MAX)  | 12V                                                                                                                        |
| VIEWING ANGLE                    | -                                                                                                                          |
| SPECTRAL RANGE                   | -                                                                                                                          |
| SERIES                           | -                                                                                                                          |
| RESPONSIVITY @ NM                | -                                                                                                                          |
| RESPONSE TIME                    | -                                                                                                                          |
| OPERATING TEMPERATURE            | 0°C ~ 70°C                                                                                                                 |
| MOUNTING TYPE                    | Through Hole                                                                                                               |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                 |
| DIODE TYPE                       | -                                                                                                                          |
| DETAILED DESCRIPTION             | Photodiode                                                                                                                 |
| CURRENT - DARK (TYP)             | 0.02pA                                                                                                                     |
| COLOR - ENHANCED                 | -                                                                                                                          |
| ACTIVE AREA                      | 14µm H x 14µm W (X3)                                                                                                       |
