| MEMORY SIZE                      | -                                                                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                          |
| FREQUENCY                        | 433MHz                                                                                              |
| FEATURES                         | -                                                                                                   |
| DETAILED DESCRIPTION             | - RF Receiver AM 433MHz -106dBm 3KHz PCB, Through Hole Module                                       |
| DATA RATE (MAX)                  | 3KHz                                                                                                |
| DATA INTERFACE                   | PCB, Through Hole                                                                                   |
| CURRENT - RECEIVING              | 4.7mA                                                                                               |
| APPLICATIONS                     | Remote Control, RKE, Security Systems                                                               |
| ANTENNA CONNECTOR                | PCB, Through Hole                                                                                   |
