| QUANTITY AVAILABLE               | 3405 pcs                                                                                                                |
| DATA SHEET                       |  <a href="#">LB11660FV-MPB-E.pdf</a> |
| VOLTAGE - SUPPLY                 | 4 V ~ 15 V                                                                                                              |
| VOLTAGE - LOAD                   | 3 V ~ 15 V                                                                                                              |
| TECHNOLOGY                       | Bipolar                                                                                                                 |
| SUPPLIER DEVICE PACKAGE          | 16-SSOP                                                                                                                 |
| STEP RESOLUTION                  | -                                                                                                                       |
| SERIES                           | -                                                                                                                       |
| PACKAGING                        | Tube                                                                                                                    |
| PACKAGE / CASE                   | 16-LSSOP (0.173", 4.40mm Width)                                                                                         |
| OUTPUT CONFIGURATION             | High Side (2)                                                                                                           |
| OPERATING TEMPERATURE            | -30°C ~ 90°C (TA)                                                                                                       |
| MOUNTING TYPE                    | Surface Mount                                                                                                           |
| MOTOR TYPE - STEPPER             | -                                                                                                                       |
| MOTOR TYPE - AC, DC              | Brushless DC (BLDC)                                                                                                     |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                              |
| INTERFACE                        | Parallel, PWM                                                                                                           |
| FUNCTION                         | Driver - Fully Integrated, Control and Power Stage                                                                      |
| DETAILED DESCRIPTION             | Motor Driver Bipolar Parallel, PWM 16-SSOP                                                                              |
| CURRENT - OUTPUT                 | 1.5A                                                                                                                    |
| APPLICATIONS                     | Fan Motor Driver                                                                                                        |
