

**Honeywell**

## Honeywell Sensing and

## Productivity Solutions

Image may be representation. See specifications for product details.

## 142PC30D

Part Number:

142PC30D

Manufacturer/Brand:

Honeywell Sensing and Productivity Solutions

### Product description

SENSOR 0-30 PSI DIFFERENTIAL

Datasheets:

✓ Lead free / RoHS Compliant

RoHS Status

 Lead free

Ship From

Hong Kong

Shipment Way

DHL /Fedex/TNT/UPS/EMS

## REQUEST FOR QUOTATION

## Specifications of 142PC30D

|                                  |                                                                                                      |
|----------------------------------|------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | 142PC30D                                                                                             |
| MANUFACTURER                     | Honeywell Sensing and Productivity Solutions                                                         |
| DESCRIPTION                      | SENSOR 0-30 PSI DIFFERENTIAL                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                           |
| QUANTITY AVAILABLE               | 291 pcs                                                                                              |
| DATA SHEET                       |                                                                                                      |
| VOLTAGE - SUPPLY                 | 7 V ~ 16 V                                                                                           |
| TERMINATION STYLE                | PC Pin                                                                                               |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                    |
| SERIES                           | 140PC                                                                                                |
| PRESSURE TYPE                    | Differential                                                                                         |
| PORT STYLE                       | Barbless                                                                                             |
| PORT SIZE                        | Male - 0.2" (5mm) Tube, Dual                                                                         |
| PACKAGE / CASE                   | 3-SIP Module                                                                                         |
| OUTPUT TYPE                      | Analog Voltage                                                                                       |
| OUTPUT                           | 1 V ~ 6 V                                                                                            |
| OTHER NAMES                      | 142PC30D-ND<br>480-4006                                                                              |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                         |
| OPERATING PRESSURE               | 30 PSI (206.84 kPa)                                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                        |
| MAXIMUM PRESSURE                 | 60 PSI (413.69 kPa)                                                                                  |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                           |
| FEATURES                         | Amplified Output, Temperature Compensated                                                            |
| DETAILED DESCRIPTION             | Pressure Sensor 30 PSI (206.84 kPa) Differential Male - 0.2" (5mm) Tube, Dual 1 V ~ 6 V 3-SIP Module |
| ACCURACY                         | ±0.75%                                                                                               |
