#### Specifications of E2A-S08KN04-WP-B2 5M

|                                  |                                                                             |
|----------------------------------|-----------------------------------------------------------------------------|
| PART NUMBER                      | E2A-S08KN04-WP-B2 5M                                                        |
| MANUFACTURER                     | Omron Automation & Safety                                                   |
| DESCRIPTION                      | M8 UNSH,SS,4MM,PNP,NC,5M CABLE                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                  |
| QUANTITY AVAILABLE               | 917 pcs                                                                     |
| DATA SHEET                       |                                                                             |
| VOLTAGE - SUPPLY                 | 10 V ~ 32 V                                                                 |
| TERMINATION STYLE                | Cable Leads                                                                 |
| SHIELDING                        | Unshielded                                                                  |
| SERIES                           | E2A                                                                         |
| SENSOR TYPE                      | Inductive                                                                   |
| SENSING DISTANCE                 | 0.157" (4mm)                                                                |
| RESPONSE FREQUENCY               | 1kHz                                                                        |
| PACKAGE / CASE                   | Cylinder, Threaded - M8                                                     |
| OUTPUT TYPE                      | PNP-NC, 3-Wire                                                              |
| OTHER NAMES                      | E2A-S08KN04-WP-B2 5M-ND<br>E2A-S08KN04-WP-B25M<br>E2AS08KN04WPB25M          |
| OPERATING TEMPERATURE            | -40°C ~ 70°C                                                                |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                               |
| MATERIAL - BODY                  | Stainless Steel                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                  |
| INGRESS PROTECTION               | IP67, IP69K                                                                 |
| INDICATOR                        | LED                                                                         |
| DETAILED DESCRIPTION             | Inductive Proximity Sensor 0.157" (4mm) IP67, IP69K Cylinder, Threaded - M8 |
