

WPD136M6C-001

|                     |                                |
|---------------------|--------------------------------|
| Part Number:        | WPD136M6C-001                  |
| Manufacturer/Brand: | Laird Technologies - Antennas  |
| Product description | RF ANT 155/450MHZ WHIP STR 20" |
| Datasheets:         | WPD136M6C-001.pdf              |
| RoHs Status         | Lead free / RoHS Compliant     |
| Stock Condition     | 910 pcs stock                  |
| Ship From           | Hong Kong                      |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS          |

REQUEST FOR QUOTATION

| SERIES                           | -                                                                                                                                                         |
| RETURN LOSS                      | -                                                                                                                                                         |
| POWER - MAX                      | 100W                                                                                                                                                      |
| PACKAGING                        | Bulk                                                                                                                                                      |
| NUMBER OF BANDS                  | 3                                                                                                                                                         |
| MOUNTING TYPE                    | Base Mount                                                                                                                                                |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                                                |
| INGRESS PROTECTION               | IP66                                                                                                                                                      |
| HEIGHT (MAX)                     | 20.000" (508.00mm)                                                                                                                                        |
| GAIN                             | 0.2dBi, 4.8dBi, 8.1dBi                                                                                                                                    |
| FREQUENCY RANGE                  | 136MHz ~ 174MHz, 380MHz ~ 520MHz, 760MHz ~ 870MHz                                                                                                         |
| FREQUENCY GROUP                  | VHF (f < 300 MHz), UHF (300 MHz ~ 1 GHz)                                                                                                                  |
| FREQUENCY (CENTER/BAND)          | 155MHz, 450MHz, 815MHz                                                                                                                                    |
| FEATURES                         | -                                                                                                                                                         |
| DETAILED DESCRIPTION             | 155MHz, 450MHz, 815MHz TETRA Whip, Straight RF Antenna 136MHz ~ 174MHz, 380MHz ~ 520MHz, 760MHz ~ 870MHz 0.2dBi, 4.8dBi, 8.1dBi Connector, NMO Base Mount |
| APPLICATIONS                     | TETRA                                                                                                                                                     |
| ANTENNA TYPE                     | Whip, Straight                                                                                                                                            |
