#### Specifications of AT93C86A-10TU-2.7

|                                  |                                                                                                           |
|----------------------------------|-----------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | AT93C86A-10TU-2.7                                                                                         |
| MANUFACTURER                     | Micrel / Microchip Technology                                                                             |
| DESCRIPTION                      | IC EEPROM 16K SPI 2MHZ 8TSSOP                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                |
| QUANTITY AVAILABLE               | 251374 pcs                                                                                                |
| DATA SHEET                       |  AT93C86A-10TU-2.7.pdf |
| WRITE CYCLE TIME - WORD, PAGE    | 10ms                                                                                                      |
| VOLTAGE - SUPPLY                 | 2.7 V ~ 5.5 V                                                                                             |
| TECHNOLOGY                       | EEPROM                                                                                                    |
| SUPPLIER DEVICE PACKAGE          | 8-TSSOP                                                                                                   |
| SERIES                           | -                                                                                                         |
| PACKAGING                        | Tube                                                                                                      |
| PACKAGE / CASE                   | 8-TSSOP (0.173", 4.40mm Width)                                                                            |
| OTHER NAMES                      | AT93C86A10TU27                                                                                            |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                         |
| MOUNTING TYPE                    | Surface Mount                                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                             |
| MEMORY TYPE                      | Non-Volatile                                                                                              |
| MEMORY SIZE                      | 16Kb (2K x 8, 1K x 16)                                                                                    |
| MEMORY INTERFACE                 | SPI                                                                                                       |
| MEMORY FORMAT                    | EEPROM                                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                |
| DETAILED DESCRIPTION             | EEPROM Memory IC 16Kb (2K x 8, 1K x 16) SPI 2MHz 8-TSSOP                                                  |
| CLOCK FREQUENCY                  | 2MHz                                                                                                      |
| BASE PART NUMBER                 | AT93C86                                                                                                   |
