| DATA SHEET                       |  NCP392DRFCCT1G.pdf |
| VOLTAGE - SUPPLY                 | 2.8 V ~ 28 V                                                                                           |
| SUPPLIER DEVICE PACKAGE          | 12-WLCSP (1.3x2)                                                                                       |
| SERIES                           | -                                                                                                      |
| PACKAGING                        | Tape & Reel (TR)                                                                                       |
| PACKAGE / CASE                   | 12-UFPGA, WLCSP                                                                                        |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                           |
| MOUNTING TYPE                    | Surface Mount                                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                             |
| DETAILED DESCRIPTION             | Overvoltage Protection Controller PMIC 12-WLCSP (1.3x2)                                                |
| CURRENT - SUPPLY                 | 58µA                                                                                                   |
| APPLICATIONS                     | Overvoltage Protection Controller                                                                      |
