| VOLTAGE - THRESHOLD              | 2.93V                                                                  |
| TYPE                             | Simple Reset/Power-On Reset                                            |
| SUPPLIER DEVICE PACKAGE          | 8-uMAX                                                                 |
| SERIES                           | -                                                                      |
| RESET TIMEOUT                    | 140 ms Minimum                                                         |
| RESET                            | Active High/Active Low                                                 |
| PACKAGING                        | Tube                                                                   |
| PACKAGE / CASE                   | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                                 |
| OUTPUT                           | Push-Pull, Push-Pull                                                   |
| OPERATING TEMPERATURE            | 0°C ~ 70°C (TA)                                                        |
| NUMBER OF VOLTAGES MONITORED     | 1                                                                      |
| MOUNTING TYPE                    | Surface Mount                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                             |
| DETAILED DESCRIPTION             | Supervisor Push-Pull, Push-Pull 1 Channel 8-uMAX                       |
| BASE PART NUMBER                 | MAX708                                                                 |
