| VOLTAGE - SUPPLY                 | 3.135 V ~ 3.465 V                                                                                                 |
| TERMINATION STYLE                | Gull Wing                                                                                                         |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                                 |
| SERIES                           | NPA-300                                                                                                           |
| PRESSURE TYPE                    | Vented Gauge                                                                                                      |
| PORT STYLE                       | Barbed                                                                                                            |
| PORT SIZE                        | Male - 0.12" (3mm) Tube, Dual                                                                                     |
| PACKAGE / CASE                   | 14-SOIC Module, Top Port                                                                                          |
| OUTPUT TYPE                      | Analog Voltage                                                                                                    |
| OUTPUT                           | 2 V ~ 3 V                                                                                                         |
| OTHER NAMES                      | NPA-300B-030G/100                                                                                                 |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                                                     |
| OPERATING PRESSURE               | 30 PSI (206.84 kPa)                                                                                               |
| MOISTURE SENSITIVITY LEVEL (MSL) | 5A (24 Hours)                                                                                                     |
| MAXIMUM PRESSURE                 | 60 PSI (413.69 kPa)                                                                                               |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                        |
| FEATURES                         | Amplified Output, Temperature Compensated                                                                         |
| DETAILED DESCRIPTION             | Pressure Sensor 30 PSI (206.84 kPa) Vented Gauge Male - 0.12" (3mm) Tube, Dual 2 V ~ 3 V 14-SOIC Module, Top Port |
| ACCURACY                         | ±1.5%                                                                                                             |
