| DESCRIPTION                      | IC PROG TEMP SWITCH SENSOR                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                    |
| QUANTITY AVAILABLE               | 3536 pcs                                                                      |
| DATA SHEET                       |                                                                               |
| VOLTAGE - SUPPLY                 | 2.4V ~ 5.5V                                                                   |
| TRIP TEMPERATURE THRESHOLD       | Hot                                                                           |
| SWITCHING TEMPERATURE            | Programmable                                                                  |
| SUPPLIER DEVICE PACKAGE          | 8-TSSOP                                                                       |
| SERIES                           | Automotive, AEC-Q100                                                          |
| SELECTABLE HYSTERESIS            | No                                                                            |
| PACKAGING                        | Tube                                                                          |
| PACKAGE / CASE                   | 8-TSSOP (0.173", 4.40mm Width)                                                |
| OUTPUT TYPE                      | Open Drain, Push-Pull                                                         |
| OUTPUT FUNCTION                  | OverTemp, /OverTemp                                                           |
| OUTPUT                           | Active High, Active Low                                                       |
| OTHER NAMES                      | 296-42419-5                                                                   |
| OPERATING TEMPERATURE            | -50°C ~ 160°C                                                                 |
| MOUNTING TYPE                    | Surface Mount                                                                 |
| MOISTURE SENSITIVITY LEVEL (MSL) | 2 (1 Year)                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                    |
| FEATURES                         | Selectable Trip Point, Trip Test                                              |
| DETAILED DESCRIPTION             | Thermostat Programmable Active High, Active Low Open Drain, Push-Pull 8-TSSOP |
| CURRENT - SUPPLY                 | 26µA                                                                          |
| CURRENT - OUTPUT (MAX)           | 5mA                                                                           |
| ACCURACY                         | ±2.3°C                                                                        |
